We are in receipt of a letter "Notice of Pre-Hearing Conference" for Aquarion's rate increase petition. Besides feeling like we are being whacked once again by the costs to survive, the use of confusing statements "temporary increase" and "permanent increase" in this letter doesn't help. And why 18.8%? My salary has never increased that much!

There is a monument to Aquarion sitting at the corner of Mill Rd and a pump road at the North Hampton line that probably cost (us) about \$20,000. Tell them to sell off some of that granite to help with their needs!

In other words...we are not happy with this petition!
