***Re: DT 09-044, Rural Carriers' Petition for Inquiry Into The
Regulatory Status of IP Enabled Voice Service –Cancellation of
December 9, 2009 Technical Session***

Dear Ms. Howland:

A technical session is presently scheduled to be held on December 9, 2009 in the above-captioned docket. The purpose of this technical session was to give parties the opportunity to conduct informal discovery in lieu of written data requests on the Reply Testimony that was filed on Friday, December 4, 2009. In light of the fact that the bulk of said Reply Testimony contains legal arguments which are not typically discussed during technical sessions, Comcast approached the other parties to this proceeding to determine whether they would support canceling the December 9th technical session. As of the electronic filing of this letter, NHTA and the Office of Consumer Advocate have agreed that the technical session could be canceled, and Commission Staff, TWC and NECTA have all indicated that they do not require the technical session. Accordingly, Comcast respectfully requests that the December 9, 2009 technical session be canceled.

Please let me know if there are any questions about this filing. Thank you for your assistance.

Very truly yours,

Susan S. Geiger
