Re: DE 09-170; CORE Energy Efficiency Programs

Dear Ms. Howland:

On behalf of Granite State Electric Company d/b/a National Grid, I enclose for filing seven copies of Exhibit 20 in the above captioned docket. The first page of Exhibit 20 is the revised Table 3 reflecting updated participant levels and program savings. The Company has adjusted the number of customers participating in the Small Business Energy Solutions program to 31 on the basis that the change in the incentive levels from 70% to 50% would not affect commitments already made by the Company in early 2010. The Company has also updated program savings for the Small Business Energy Solutions program to 5,992,478 Lifetime kWh. Because participant levels and program savings are also incorporated in Attachment D to Exhibit 18, the Company is submitting a revised Exhibit D to reflect the change in participants and program savings, which constitute the last five pages of Exhibit 20.

Thank you for your assistance with this matter. Please do not hesitate to call if you have any questions.

Very truly yours,

Sarah B. Knowlton
