New Hampshire Public Utilities Commission
Telecom Regulation - FairPoint Communications
21 South Fruit Street, Suite 10
Concord, New Hampshire 03301-2429

Dear Sirs:

I would like to state that I believe the Vermont Public Service Board was correct in its decision to disallow FairPoint's bankruptcy plan. I also believe the outcome should be a similar rejection of FairPoint's bankruptcy plan in New Hampshire.

FairPoint just cannot seem to grasp the concept that when it gives its word there is a bond that has been given. Since FairPoint has demonstrated that its word is not of any value I believe the New Hampshire Public Utilities Commission should set the agenda by developing its own plan for bankruptcy. When that plan is approved then FairPoint should either follow it to the dotted i's or be relieved of its license in New Hampshire.

Enough is enough! If FairPoint cannot handle its business, or cannot afford to handle its business, then it is time for the New Hampshire Public Utilities Commission to order FairPoint to depart from the state.

Sincerely,

A handwritten signature in blue ink that reads "Edward J. Solce, Jr." The signature is written in a cursive style.

Edward J. Solce, Jr.
