Permanent and Temporary Rate Proceeding

Order Suspending Proposed Tariffs  
and  
Scheduling Prehearing Conference and Temporary Rate Hearing

O R D E R N O. 24,857

May 23, 2008

On May 2, 2008 Pittsfield Aqueduct Company (PAC) filed a petition for temporary rates and for an increase in permanent rates. PAC currently provides water service to approximately 650 customers in Pittsfield and to approximately 1,109 customers in what PAC refers to as its North Country systems: Birch Hill in Conway, Sunrise Estates in Middleton, and Locke Lake Colony in Barnstead. PAC is a wholly owned subsidiary of Pennichuck Corporation.

PAC seeks an overall increase in gross annual revenues of \$957,641. PAC requests separate rates for its Pittsfield customers and for its North Country customers, applying the revenue increase as follows: \$200,503 from general metered and fire protection customers in Pittsfield (a 44.01 percent increase) and \$757,138 from North Country customers (a 239.52 percent increase). PAC also requests a step increase in rates to its North Country customers to cover capital improvements planned for completion by November 2008. This proposed step increase would generate \$228,836 in additional revenues, which is a 72.39 percent increase.

The proposed rate increases would result in an increase of \$181.76 to the average annual residential bill for Pittsfield customers and an increase of \$682.72 to the average annual

residential bill for North Country customers. If approved, the new average annual residential bill would be, respectively, \$593.58 and \$1,159.92.

PAC requests temporary rates take effect on June 1, 2008 on a service-rendered basis, or the date of which customers are notified, whichever is sooner. PAC proposes a \$150,377 increase in revenues from customers in Pittsfield, which corresponds to a 33.01 percent temporary rate increase; and a \$567,854 increase in revenues from North Country customers, which corresponds to a 179.64 percent temporary rate increase.

The filing raises, inter alia, issues related to: RSA 378 and the just and reasonableness of rates, fares, and charges; the recently filed cost of service report and any findings, allocations, and overall recommendations contained therein, RSA 378:27 and RSA 378:29 and the imposition of temporary rates and recoupment of the difference between temporary and permanent rates; RSA 378:28 and whether the calculation of rate base represents prudent investment in property that is used and useful; and the determination of a reasonable rate of return, including an appropriate capital structure. Each party has the right to have an attorney represent them at the party's own expense.

**Based on the foregoing, it is hereby**
