#### **IV. COST OF GAS CLAUSE**

	(21)	<b><u>Summer Season</u></b> – The months May through October.
	(22)	<b><u>Winter Commodity</u></b> - The gas supplies procured by the Company to serve firm load in the Winter Season.
	(23)	<b><u>Winter Demand</u></b> - Gas supply demand, peaking demands, storage and transmission capacity procured by the Company to service firm load in the Winter Season.
	(24)	<b><u>Winter Season</u></b> – The months November through April.
	(25)	<b><u>Working Capital Carrying Charge Rate</u></b> - the monthly prime lending rate, as reported by the Federal Reserve Statistical Release of Selected Interest Rates.

#### 6. Cost of Gas Calculations by Customer Classification

##### 6.1 Approved Cost Figures

The Cost of Gas calculation utilizes information periodically established by the New Hampshire Public Utilities Commission. The table below lists the approved cost factors:

<b><u>VARIABLE</u></b>	<b><u>DESCRIPTION</u></b>	<b><u>CURRENTLY APPROVED FIGURES</u></b>
MISC	Miscellaneous Overhead	\$116,981
PS	Production and Storage Capacity	\$554,152
WCA%	Working Capital Allowance Percentage	0.19%
BD%	Bad Debt Percentage	0.45%

Where WCCCR= Working Capital Carrying Charge Rate

WCA% effective beginning November 1, 2008

Issued: May 4, 2011  
Effective: June 3, 2011

Issued by:   
Title: Treasurer

## VI. RATE SCHEDULES

### RATE SCHEDULE R-5 - RESIDENTIAL HEATING SERVICE

#### CHARACTER OF SERVICE

Natural Gas or its equivalent having a nominal heat content of 1,000 Btu per cubic foot.

#### APPLICABILITY

The towns of Dover, Durham, East Kingston, East Rochester, Exeter, Gonic, Greenland, Hampton, Hampton Falls, Kensington, Madbury, Newington, North Hampton, Plaistow, Portsmouth, Rochester, Salem, Seabrook, Somersworth, and Stratham and limited areas of Atkinson, Rollinsford and the contiguous territory served by the Company.

#### AVAILABILITY

Service hereunder is available under this rate at single, domestic locations for all purposes in individual private dwellings and individual apartments including condominiums and their facilities which use gas as the principal household heating fuel.

#### RATE – MONTHLY

Customer Charge Per Month				\$ 15.00
Summer	-	First 50 therms	@	\$ 0.4364 per therm
	-	Excess 50 therms	@	\$ 0.3663 per therm
Winter	-	First 50 therms	@	\$ 0.4364 per therm
	-	Excess 50 therms	@	\$ 0.3663 per therm

#### MINIMUM BILL

The minimum monthly bill for gas service will be the Customer Charge Per Month.

#### COST OF GAS FACTOR AND LOCAL DELIVERY ADJUSTMENT CLAUSE

The provisions of the Company's Cost of Gas Clause, Part IV, and the Local Delivery Adjustment Clause, Part V, apply to gas sold under this rate schedule.

Issued: May 4, 2011  
Effective: June 3, 2011

Issued By:   
Title: Treasurer

## VI. RATE SCHEDULES

### RATE SCHEDULE R-5 - RESIDENTIAL HEATING SERVICE (continued)

#### DEFINITIONS

**Summer** - Defined as being the Company's billing cycles May through October

**Winter** - Defined as being the Company's billing cycles November through April.

#### TERMS OF PAYMENT

Bills are due and payable upon presentation. A late payment charge at a rate to be determined by the NHPUC from time to time will be assessed from the date of the bill on balances unpaid within thirty days after the billing date. When bills are paid by remittance through the mail, the postmark on the envelope will be considered as the date of payment.

#### TERM OF CONTRACT

Contract for service shall be for a period of one year.

#### TURN-ON CHARGE

Where service is established or re-established during regular working hours, a service charge of \$12.50 will be required; after hours and on Saturday, Sunday or holidays a charge of \$18.00 will be required.

#### TERMS AND CONDITIONS

Service under this Rate Schedule is subject to the General Terms and Conditions of the Company as filed with the New Hampshire Public Utilities Commission and set forth in Part II herein.

Issued: May 4, 2011  
Effective: June 3, 2011

Issued By:   
Title: Treasurer

## **VI. RATE SCHEDULES**

### **RATE SCHEDULE R-10 - LOW INCOME RESIDENTIAL HEATING SERVICE**

#### **CHARACTER OF SERVICE**

Natural Gas or its equivalent having a nominal heat content of 1,000 Btu per cubic foot.

#### **APPLICABILITY**

The towns of Dover, Durham, East Kingston, East Rochester, Exeter, Gonic, Greenland, Hampton, Hampton Falls, Kensington, Madbury, Newington, North Hampton, Plaistow, Portsmouth, Rochester, Salem, Seabrook, Somersworth, and Stratham and limited areas of Atkinson, Rollinsford and the contiguous territory served by the Company.

#### **AVAILABILITY**

Service hereunder is available under this rate at single, domestic locations for all purposes in individual private dwellings and individual apartments including condominiums and their facilities, which use gas as the principal household heating fuel, and if any member of the household qualifies for a benefit through one of the programs listed below.

#### **Qualified Programs:**

- a. Low Income Home Energy Assistance Program (LIHEAP)
- b. Electric Assistance Program (EAP)
- c. Supplemental Security Income Program
- d. Women, Infants and Children Program
- e. Commodity Surplus Foods Program (for women, infants and children)
- f. Elderly Commodity Surplus Foods Program
- g. Temporary Aid to Needy Families Program
- h. Housing Choice Voucher Program (also known as Section 8)
- i. Head Start Program
- j. Aid to the Permanently and Totally Disabled Program
- k. Aid to the Needy Blind Program
- l. Old Age Assistance Program
- m. Food Stamps Program
- n. Any successor program of the above listed program

Issued: May 4, 2011  
Effective: June 3, 2011

Issued By:   
Title: Vice President

## VI. RATE SCHEDULES

### RATE SCHEDULE R-10 - LOW INCOME RESIDENTIAL HEATING SERVICE

#### RATE – MONTHLY

Customer Charge Per Month				\$ 6.00

## **DUAL FUEL EQUIPMENT RIDER**

### **1.0 PURPOSE**

The purpose of this Rider is to enable a customer with dual fuel equipment under an applicable firm rate schedule to maintain access to capacity on the Company's distribution system, while displacing natural gas delivery service provided by the Company with the Customer's alternate fuel at the Customer's discretion. The terms of this Rider enable the Company to recover a minimum annual revenue requirement from such Customer during the period of reduced utilization of the Company's firm service, thereby protecting the Company's other customers against the shifting of such costs that might otherwise occur.

### **2.0 APPLICABILITY**

This Rider shall be applicable to any Customer that is (1) taking firm delivery service under any of the Company's Commercial & Industrial Rate Schedules, (2) that has installed equipment capable of burning natural gas and one or more fuels not delivered by the Company for the same purpose, and (3) that meets the Company's criteria relative to Customer size, impact of Customer demand, and location of Customer on the Company's system as set forth in the Company's Policy on Dual Fuel Utilization.

### **3.0 NOTIFICATION REQUIREMENT**

Customer is responsible for notifying the Company of any dual fuel equipment at Customer's location upon initial application for service under an applicable rate schedule. Any Customer that installs or has previously installed dual fuel equipment at any time while taking service from the Company under an applicable rate schedule shall notify the Company of the installation.

### **4.0 TERM**

The minimum term shall be one year from the initial operation of dual fuel equipment by the Customer. The initial term shall be automatically extended for successive one year terms, unless terminated by written notice to the Company at least 30 days prior to the termination of the currently effective term. Should Customer cease taking service from the Company prior to the end of the term of this Rider, the terms of this Rider shall continue in effect until terminated in accordance with the terms herein.

Issued: May 4, 2011  
Effective: June 3, 2011

Issued by:  
Title:

Treasurer

## **DUAL FUEL EQUIPMENT RIDER**

### **5.0 MINIMUM ANNUAL REVENUE REQUIREMENT**

Customer shall be responsible for payment to Company of a minimum annual revenue requirement (“MAAR”), net of any charges by the Company via its Cost of Gas Factor, Environmental Response Cost Rate Adjustment, Energy Efficiency Rate Assessment, Residential Low Income Program Recovery Rate.

Customer’s MAAR shall be calculated by multiplying the appropriate charge listed below times the Customer’s maximum daily quantity (“MDQ”).

- Constrained Capacity<sup>1</sup>: \$11.46 per therm
- Unconstrained Capacity<sup>2</sup>: \$0.69 per therm

The difference between the Customer’s MARR and its actual annual revenue net of the charges stated above shall be due to Company at the anniversary date of the Company providing service to Customer under this Rider. For any year that the difference between the minimum annual revenue requirement and Customer’s actual annual revenue is zero or negative, no additional charge shall apply

#### Annual Inflation Adjustment to Annual Unit Long Run Marginal Cost (“LRMC”):

The Company shall adjust the annual unit LRMC by using the gross domestic product price index (“GDP-PI”) annual inflation adjustment each November 1.

#### Determination of Customer’s MDQ:

Either:

- a. Rated hourly natural gas input of all dual fuel equipment times 24 hours, or
- b. The peak day use of the Customer’s dual fuel equipment, agreed upon between the Company and Customer, using recent historical energy consumption data; or alternatively, the Company using the daily base load, plus the Customer’s use per effective degree day (“EDD”) times design day EDDs; these estimating factors shall be based on Customer’s annual total energy requirements; or
- c. If Customer has both dual fuel equipment and dedicated gas-fired equipment the Customer’s MDQ shall be either (a) or (b) above, plus a representative MDQ of the dedicated gas-fired equipment using either historical Customer data or an agreed upon MDQ between the Company and Customer.

<sup>1</sup> Full Charge - Annual per unit (“LRMC”) from the Company’s most recent rate proceeding adjusted each year, effective September 1, for inflation, by the Customer’s MDQ.

<sup>2</sup> Pressure Support Only - Annual per unit (“LRMC”) from the Company’s most recent rate proceeding adjusted each year, effective September 1, for inflation, by the Customer’s MDQ.

## VI. RATE SCHEDULES

### RATE SCHEDULE T-52 - COMMERCIAL AND INDUSTRIAL FIRM

#### DELIVERY SERVICE (continued) **(High Annual Use, Low Winter Use)**

#### CHARACTERISTICS OF CUSTOMER

A Customer receiving service under this schedule must have annual usage greater than 80,000 therms and peak period usage less than 67% of annual usage, as determined by the Company's records and procedures.

#### MINIMUM BILL

Customer charge per month.

#### TERMS OF PAYMENT

Bills are due and payable upon presentation. A late payment charge at a rate to be determined by the NHPUC from time to time will be assessed from the date of the bill on balances unpaid within thirty days after the billing date. When bills are paid by remittance through the mail, the postmark on the envelope will be considered as the date of payment.

#### DEFINITIONS

**Summer** - Defined as being the Company's billing cycles May through October.

**Winter** - Defined as being the Company's billing cycles November through April.

#### TURN-ON CHARGE

Where service is established or re-established during regular working hours, a service charge of ~~twelve dollars and fifty cents (\$12.50)~~ will be required; after hours and on Saturday, Sunday or holidays a charge of ~~eighteen dollars (\$18.00)~~ will be required.

#### TERMS AND CONDITIONS

Service under this Rate Schedule is subject to the General Terms and Conditions, Part II, and the Delivery Service Terms and Conditions, Part VII, of the Company as filed with the New Hampshire Public Utilities Commission and set forth herein.

**DUAL FUEL EQUIPMENT RIDER**  
~~INTENTIONALLY LEFT BLANK FOR FUTURE USE~~

**1.0 PURPOSE**

The purpose of this Rider is to enable a customer with dual fuel equipment under an applicable firm rate schedule to maintain access to capacity on the Company's distribution system, while displacing natural gas delivery service provided by the Company with the Customer's alternate fuel at the Customer's discretion. The terms of this Rider enable the Company to recover a minimum annual revenue requirement from such Customer during the period of reduced utilization of the Company's firm service, thereby protecting the Company's other customers against the shifting of such costs that might otherwise occur.

**2.0 APPLICABILITY**

This Rider shall be applicable to any Customer that is (1) taking firm delivery service under any of the Company's Commercial & Industrial Rate Schedules, (2) that has installed equipment capable of burning natural gas and one or more fuels not delivered by the Company for the same purpose, and (3) that meets the Company's criteria relative to Customer size, impact of Customer demand, and location of Customer on the Company's system as set forth in the Company's Policy on Dual Fuel Utilization.

**3.0 NOTIFICATION REQUIREMENT**

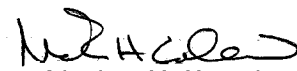

Customer is responsible for notifying the Company of any dual fuel equipment at Customer's location upon initial application for service under an applicable rate schedule. Any Customer that installs or has previously installed dual fuel equipment at any time while taking service from the Company under an applicable rate schedule shall notify the Company of the installation.

**4.0 TERM**

The minimum term shall be one year from the initial operation of dual fuel equipment by the Customer. The initial term shall be automatically extended for successive one year terms, unless terminated by written notice to the Company at least 30 days prior to the termination of the currently effective term. Should Customer cease taking service from the Company prior to the end of the term of this Rider, the terms of this Rider shall continue in effect until terminated in accordance with the terms herein.

Issued by:

  
Stephen H. Bryant

Effective: ~~September 16, 2002~~ June 3, 2011

Title: ~~Vice President~~ Treasurer

Authorized by NHPUC Order No. 24,037 in Docket DG-02-137, dated August 16, 2002

**DUAL FUEL EQUIPMENT RIDER**  
**RESERVED FOR FUTURE USE**

**5.0 MINIMUM ANNUAL REVENUE REQUIREMENT**

Customer shall be responsible for payment to Company of a minimum annual revenue requirement (“MAAR”), net of any charges by the Company via its Cost of Gas Factor, Environmental Response Cost Rate Adjustment, Energy Efficiency Rate Assessment, Residential Low Income Program Recovery Rate.

Customer’s MAAR shall be calculated by multiplying the appropriate charge listed below times the Customer’s maximum daily quantity (“MDQ”).

- ❖ Constrained Capacity<sup>1</sup>: \$11.46 per therm
- ❖ Unconstrained Capacity<sup>2</sup>: \$0.69 per therm

The difference between the Customer’s MARR and its actual annual revenue net of the charges stated above shall be due to Company at the anniversary date of the Company providing service to Customer under this Rider. For any year that the difference between the minimum annual revenue requirement and Customer’s actual annual revenue is zero or negative, no additional charge shall apply

Annual Inflation Adjustment to Annual Unit Long Run Marginal Cost (“LRMC”):

The Company shall adjust the annual unit LRMC by using the gross domestic product price index (“GDP-PI”) annual inflation adjustment each November 1.

Determination of Customer’s MDQ:

Either:

- a. Rated hourly natural gas input of all dual fuel equipment times 24 hours, or
- b. The peak day use of the Customer’s dual fuel equipment, agreed upon between the Company and Customer, using recent historical energy consumption data; or alternatively, the Company using the daily base load, plus the Customer’s use per effective degree day (“EDD”) times design day EDDs; these estimating factors shall be based on Customer’s annual total energy requirements; or
- c. If Customer has both dual fuel equipment and dedicated gas-fired equipment the Customer’s MDQ shall be either (a) or (b) above, plus a representative MDQ of the dedicated gas-fired equipment using either historical Customer data or an agreed upon MDQ between the Company and Customer.

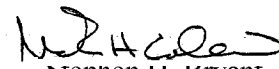

<sup>1</sup> Full Charge - Annual per unit (“LRMC”) from the Company’s most recent rate proceeding adjusted each year, effective September 1, for inflation, by the Customer’s MDQ.

<sup>2</sup> Pressure Support Only - Annual per unit (“LRMC”) from the Company’s most recent rate proceeding adjusted each year, effective September 1, for inflation, by the Customer’s MDQ.

**NORTHERN UTILITIES, INC.  
NEW HAMPSHIRE DIVISION**

**Statement to Customers, Docket No. DG 11-069, pursuant to PUC 1203.02(c)**

**To Our Residential Service Customers:**

On May 4, 2011, Northern Utilities, Inc. filed with the NH Public Utilities Commission a proposed increase in distribution rates for delivery service to all gas customers. The proposed increase is designed to provide additional revenues in support of the company's distribution investments and operations. The projected average increase for residential heating customers is 8.0% of the total bill, the projected average increase for residential non-heating customers is 12.0% of the total bill, with varying increases for other rate classes. This filing will be subject to comprehensive review by the Commission in a proceeding that may last up to a year. For more information, please visit [www.unitil.com/ratechange](http://www.unitil.com/ratechange) or call the Company's toll-free number at 1-866-933-3821. The toll-free number for the NH Public Utilities Commission's Consumer Affairs Division is 1-800-852-3793.

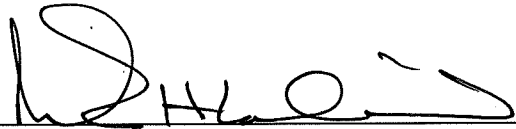

**To Our Commercial & Industrial Service Customers**

On May 4, 2011, Northern Utilities, Inc. filed with the NH Public Utilities Commission a proposed increase in distribution rates for delivery service to all gas customers. The proposed increase is designed to provide additional revenues in support of the company's distribution investments and operations. The projected average increase for general service customers on is 3.1% of the total bill, which will vary depending on customer's annual and winter usage characteristics. This filing will be subject to comprehensive review by the Commission in a proceeding that may last up to a year. For more information, please visit [www.unitil.com/ratechange](http://www.unitil.com/ratechange) or call the Company's toll-free number at 1-866-933-3821. The toll-free number for the NH Public Utilities Commission's Consumer Affairs Division is 1-800-852-3793.

**Attestation**

I affirm, based on my personal knowledge, information and belief, that the cost and revenue statements and the supporting data submitted which purport to reflect the books and records of Northern Utilities, Inc. ("Northern") do in fact set forth the results shown by such books and records and that all differences between the books and the test year data and any changes in the manner of recording an item on the books of Northern during the test year have been expressly noted.
