**RE: American Utility Management, Inc.'s Initial Registration for Gas Aggregator**

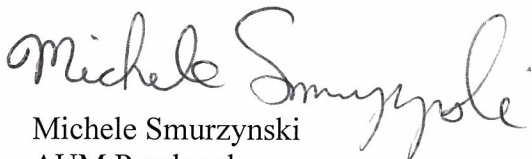

Sir/Madam:

Founded in 1994, American Utility Management (AUM) is the premier Energy Services and Utility Management partner to the multifamily industry. Through energy management, bill processing, and resident utility billing, the company provides invaluable expertise to its partners by finding lost revenue, identifying areas for cost savings, and providing technology and innovation in managing utility and energy expenses.

As AUM continues to broaden its services in additional states, it must be vigilant with staying in compliance with state and local rules and regulations. Therefore, AUM has attached the original registration application, two copies and the initial registration fee for your consideration.

If additional information is required for AUM to become licensed as a gas aggregator in New Hampshire, please let me know and it will be provided.

Sincerely,

  
Michele Smurzynski  
AUM Paralegal
