Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 11-207  
November 2011 Monthly Cost of Gas Report

Dear Director Howland:

Pursuant to the Commission's Order No. 25,282 in Docket DG 11-207, enclosed are an original and one copy of Northern Utilities - New Hampshire Division's (The Company) current calculation of its projected over or under collection of gas costs ending April 30, 2012 for the 2011/2012 winter period. The Company is also providing reports updated through October 2011 of Northern's: (a) summary of its hedging transactions and (b) monthly inventory interest calculation.

The calculation, which reflects gas futures prices as of November 21, 2011 produces an anticipated under-recovery as of April 30, 2012 of \$23,185 or 0.09 percent of the total anticipated gas costs for the winter 2011/2012 period. At this time, Northern is not proposing a rate change.

If you have any questions regarding this filing, please do not hesitate to contact me.

Very truly yours,

George, H. Simmons Jr.
