**Re: DE 11-216; Public Service Company of New Hampshire  
Alternative Default Energy Service Rate ADE Forecast Marginal Costs**

Dear Ms. Howland:

On April 8, 2013 the Commission issued Order No. 25,488 approving a settlement agreement between Commission Staff, the Office of Consumer Advocate and Public Service Company of New Hampshire ("PSNH") regarding PSNH's proposal to implement an alternative default energy service rate, Rate ADE. Rate ADE became effective on July 1, 2013.

Under paragraph 2.3.3 of the settlement, PSNH agreed to monitor its forecasted marginal costs on a monthly basis and compare those forecasts to the marginal costs used to calculate the price for Rate ADE, and provide such reports to the Commission by the 15<sup>th</sup> day of the month. The settlement agreement further provided that if projections of marginal costs for the remaining months of the period increased by more than 75% of the amount of the adder as defined under the settlement, Rate ADE would be closed temporarily to returning customers.

Based on the forecasted marginal costs for Rate ADE over the remaining term, this rate will re-open for July 1, 2014. Customers who have received Supplier Service or Self-Supply Service for at least twelve consecutive months and wish to return to PSNH under Rate ADE may do so starting July 1, 2014. PSNH's subsequent monthly filings with the Commission show that its revised projections as compared to the original projections are within 75% of the amount of the adder used to determine the currently-effective price under this rate.

This report is being filed electronically with one paper copy being sent to the Commission.

We would be pleased to respond to any questions the Commission may have on this report.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Heather Tebbetts", with a large, stylized loop at the end.
