Re: DM 11-284, Integrus Energy Services, Inc.
Renewal of Registration to provide Competitive Electric Service in New Hampshire

Dear Ms. Klaviter:

On December 21, 2012, the New Hampshire Public Utilities Commission (Commission) received an application from Integrus Energy Services, Inc. (Integrus) to renew its registration as a Competitive Electric Power Supplier (CEPS). On February 13, 2012, Staff sent a deficiency letter regarding Puc 2003.03 (a)(5). On February 21, 2012, the company provided a financial surety which meets the requirement of Puc 2003.03 (a)(5).

Staff has reviewed the application and believes that it meets the requirements of Puc 2003.01. Based on Staff's recommendation and the Commission's review, the Commission will approve Integrus' application to have its registration as a competitive electric power supplier (CEPS) renewed.

Please bear in mind the following provision of Puc 2003.02 (a) "Each registered CEPS shall re-register with the commission every 5 years by filing with the commission an application for renewal. Each application for renewal shall be filed no less than 60 days prior to the termination of the currently effective registration. If a CEPS fails to meet its re-filing obligation, its registration shall expire by its terms." Therefore, Integrus is required to re-register on or before December 22, 2016. You are also advised that CEPS and aggregators must comply with the renewable portfolio standard (RPS) requirements of RSA 362-F. The RPS obligation applies to every "provider of electricity" as defined in RSA 374-F:2, II which includes CEPS and aggregators. See RSA 362-F:2, XIV. Please also refer to N.H. Code Admin. Rules Puc 2500 for further details regarding compliance and reporting requirements. Compliance is on a calendar year basis and must be reported to the Commission by July 1 of the subsequent calendar year. In addition, pursuant to RSA 378:49, all CEPS, electric service brokers and aggregators must comply with the requirement to disclose environmental characteristics of the electricity they sell to retail customers. Commission Order No. 25,264 provides guidance as to the appropriate format for such disclosure.
