Re: Intrastate Access Rate Reform

Dear Ms. Howland:

Pursuant to the *Connect America Fund et al.*, WC Docket No. 10-90 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161 (rel. Nov. 18, 2011) (*CAF Order*), and to the Commission's April 23, 2012, secretarial letter regarding the *CAF Order*, please find enclosed eight copies of TCG New Jersey Inc.'s spreadsheet template of its access rate calculations. TCG New Jersey Inc. ("TCG") submits these materials in response to the directive provided in the secretarial letter. The materials also will be submitted electronically.

In Order No. 25,363 issued May 11, 2012, the Commission waived the requirement that carriers submit individual motions for confidential treatment pursuant to PUC 201.04 and 201.05 for certain information they will be submitting in response to the secretarial letter. Specifically, the Commission granted confidential treatment of the demand level information in columns F-H and J of the shaded portion of Staff's template, as well as the shaded portion at the top of Staff's template for displaying the results of various calculations, without carriers being required to file a motion for confidential treatment. Accordingly, TCG is submitting public and redacted versions of the template.

Finally, please be advised that TCG is prepared to file a revision to its Access Services Rate Schedule on June 1, 2012, for effect July 1, 2012. The rate schedule revision will consist of the following:

Access Services
Rate Schedule Pages 8 and 9

I also enclose a stamped, self-addressed envelope so that you can return one file-stamped copy of the materials to me. If you have any questions regarding this matter, please do not hesitate to contact me.

Respectfully submitted,

James A. Huttenhower
