

**Verizon New England Inc.  
d/b/a Verizon New Hampshire**

**State of New Hampshire**

**Docket No. DT 07-011**

**Respondent:** Stephen E. Smith  
**Title:** Vice President – Business  
Development

**REQUEST:** NECTA/Comcast, Group 5, Set #1

**DATED:** May 4, 2007

**ITEM:** NECTA G5 1-91 Please identify what conduit inventory, route information, capacity, occupancy, billing, plant records, mapping and plant condition information has been and/or will be provided by Verizon to FairPoint, and state when such information will be so provided.

**REPLY:** Verizon will provide to FairPoint at the time of the close all original paper and all then-existing scanned copies of New Hampshire conduit licenses and supporting documentation such as results of surveys specifying the manhole route(s) and letters issued by Verizon pertaining to manhole surveys, rod, rope and slug activity, and innerduct placement activity. Supporting documentation may also include conduit condition information such as correspondences related to duct blockages or manhole breakouts. Details like specific manhole locations, manhole numbers and conduit occupied are part of the conduit licenses. Verizon will provide to FairPoint after the close as part of the transition services all billing information pertaining to New Hampshire conduit occupancy. Please also see Verizon NH's reply to NECTA G5 1-89.
