

**Verizon New England Inc.
d/b/a Verizon New Hampshire**

State of New Hampshire

Docket No. DT 07-011

Respondent: Stephen E. Smith
Title: Vice President – Business
Development

REQUEST: NECTA/Comcast Phone, Rebuttal Testimony Data Request

DATED: September 17, 2007

ITEM: NECTA/CPNH R-15 What specific steps is Verizon taking to identify and make available to FairPoint any pole and conduit license applications and related work, such as applications for make ready surveys, and make ready service orders pending at the time of cutover?

REPLY: All pending pole and conduit license applications, including the related field survey and make-ready engineering work orders, are maintained and tracked in two databases. The first database tracks pole license applications and the second database tracks conduit license applications. Data extracts from these databases will be provided to FairPoint after Close as part of the transition services.
