**RE: Glacial Natural Gas, Inc. Renewal Application for Registration as a
Competitive Natural Gas Supplier
DM 12-203**

Dear Ms. Howland,

In support of the above-captioned application for renewal of its competitive natural gas supplier license, I hereby certify on behalf of Glacial Natural Gas, Inc. ("Glacial"), pursuant to PUC Rule 3003.03(d), that no aggregators use Glacial to provide service to New Hampshire customers. This information was accidentally omitted from the renewal application package; we apologize for the omission.

Glacial does have an informal network of independent associates throughout the State of New Hampshire who help generate leads for the Glacial sales force personnel. However, we believe that these independent associates, who are paid referral fees by Glacial, do not qualify as "aggregators" pursuant to PUC Rule 3002.02, because they do not arrange for the sale of natural gas to retail customers. Rather, they provide potential sales leads to the Glacial sales force who solicit the customers and sell the business. If you require any additional information, or have any questions, please contact me at (202) 421-4855.

Yours Truly,

Adam Gusman
Chief Compliance Officer
