

STATE OF NEW HAMPSHIRE
BEFORE THE
NEW HAMPSHIRE PUBLIC UTILITIES COMMISSION

Docket No. DE 12-295

POWER NEW ENGLAND, LLC

**Petition for Review of the Reasonableness of Certain Charges of Public Service
Company of New Hampshire for Services to Competitive Suppliers**

Petition to Intervene on Behalf of Retail Energy Supply Association

The Retail Energy Supply Association (“RESA”)¹ respectfully petitions the New Hampshire Public Utilities Commission (“Commission”) for leave to intervene as a full party in the above-captioned proceeding under Rule Puc 203.17 and RSA 541-A:32. In support of this petition, RESA states as follows:

1. On October 1, 2012 Power New England, LLC d/b/a Power New England (“PNE”) filed a petition asking the Commission to review the reasonableness and appropriateness of Public Service Company of New Hampshire’s (“PSNH”) approved charges for certain services to competitive suppliers. On November 21, 2012 the Commission issued an Order of Notice in the above-captioned docket opening a proceeding to review the reasonableness and appropriateness of those charges, also noting that the filing raised the issue of whether it would be useful to conduct such a

¹RESA’s members include: Champion Energy Services, LLC; ConEdison *Solutions*; Constellation NewEnergy, Inc.; Direct Energy Services, LLC; GDF SUEZ Energy Resources NA, Inc.; Hess Corporation; Integrys Energy Services, Inc.; Just Energy; Liberty Power; MC Squared Energy Services, LLC; Mint Energy, LLC; NextEra Energy Services; Noble Americas Energy Solutions LLC; NRG, Inc.; PPL EnergyPlus, LLC; Stream Energy; TransCanada Power Marketing Ltd. and TriEagle Energy, L.P. The comments expressed in this filing represent the position of RESA as an organization but may not represent the views of any particular member of RESA.

review separate from a review of PSNH's revenue requirements in the context of a distribution rate case.

2. In that Order of Notice the Commission set a prehearing conference for January 15, 2013 and established a deadline of January 9, 2013 for the submission of petitions to intervene.

3. RESA is a non-profit organization and trade association that represents the interests of its members in regulatory proceedings in the Mid-Atlantic, Great Lakes, New York and New England regions. RESA members are active participants in the retail competitive markets for electricity, including the New Hampshire retail electric market. Several RESA member companies are licensed by the Commission to serve residential, commercial and industrial customers in New Hampshire and are presently providing electricity service to customers in the State. As such, RESA and its members have a substantial and specific interest in ensuring that any charges to competitive suppliers by PSNH are reasonable and appropriate. RESA has knowledge and experience that is likely to be of value to the Commission in this proceeding. RESA has been allowed to intervene in DE 12-097, a docket that also raises issues related to the development of the competitive market.

4. Pursuant to RSA 541-A:32, Admin. Rule 203.17, and precedent established by the Commission, it must grant a petition to intervene if: (a) the petition is submitted in writing at least three days before the hearing; (b) the petition describes how the petitioner is substantially and specifically affected by the proceeding; and (c) the intervention would be in the interests of justice and would not impair the orderly conduct of the proceeding. The Commission also has the discretion to grant a petition to

intervene “at any time, upon determining that such intervention would be in the interests of justice and would impair the orderly conduct of the proceedings.” RSA 541-A:32,II.

5. Charges for services to competitive suppliers have an impact on the development of retail electric markets. As competitive retail suppliers in New Hampshire, RESA’s members are and would be directly impacted by charges imposed on competitive suppliers by the state’s largest electric utility. Thus the rights, duties, privileges or substantial interests of RESA’s members as competitive suppliers of electricity in New Hampshire may be affected by this proceeding given the scope of the issues identified in the Petition for Review submitted by PNE and the Order of Notice. RESA believes it must intervene in this proceeding to protect these rights. Granting this petition for intervention would be in the interest of justice.

6. RESA’s intervention will not impair the orderly conduct of this proceeding and in fact will help to conserve resources by avoiding the need for individual RESA member companies to participate in order to protect their own interests.

WHEREFORE, RESA respectfully requests that the Commission grant it full intervenor status in the proceeding or grant such other relief as the Commission deems just and equitable.

Respectfully submitted,

Retail Energy Supply Association
By Its Attorneys
