Comments: How dare you ignore your own experts and the NH public opposition to the NED pipeline by approving the plan of Kinder Morgan?!!! Despite exporting energy you clowns still insist on gouging the southern part of the state for a gas line that we DO NOT NEED!!! This is a terribly misguided decision prompted by who knows what kind of distorted logic, or lack thereof.

You three ?commissioners? ought to have your empty heads examined; there is no justification in the world for the atrocity you have just committed!!!
