Re: Saddleback Ridge Wind Project Interconnection

Dear Mr. Presson,

Central Maine Power Co. has accepted all your interconnection paperwork and has inspected and approved the installation of your wind power generation facility and associated collector substation located at the Ludden Lane Substation in Canton, ME.

Type: Wind Generation  
Nameplate Capacity: 34.2 MW  
Location: 9 Highland Drive, Carthage, ME 04224  
Installer: ECO Industries, LLC

Your interconnection for the project is complete and this letter documents that we are granting you permission to operate your wind generation facility in parallel with our transmission network.

If you have any questions, please contact me.

Sincerely,

Carol Purinton  
Manager of Transmission and Interconnection Services  
Central Maine Power Co.
