

**Attachment A to Waiver Request
Proposed Customer Notice from Global**

Dear Customer:

Thank you for being a valued natural gas supply customer of Global Montello Group Corp. ("Global").

For several reasons, Global has entered an agreement to sell its natural gas supply business to Sprague Operating Resources LLC ("Sprague") through an asset sale. Sprague is a leading natural gas supplier and electricity broker in New Hampshire, and Sprague is prepared to continue the success of Global's natural gas business.

The closing of the asset sale between Global and Sprague occurred on February 1, 2017. As part of the sale, your natural gas supply contract with Global will be transferred to Sprague after at least 30 days following your receipt of this notice. The terms, conditions, and rates in your current natural gas supply contract with Global will remain the same after its transfer to Sprague.

We will work together with Sprague to make the transition as smooth as possible for our customers. The transfer of your contract from Global to Sprague could take time to process, depending on your billing cycle and coordination with your natural gas local distribution company. During this transition period, we will remain involved to facilitate a smooth transition to Sprague. We are committed to implementing this transition as seamlessly as possible for our customers.

If you have any questions about this letter, please contact me at (781) 398-4258.

Sincerely,

Jane Michalek
VP of Delivered Natural Gas
Global Montello Group Corp.
