RE: Docket No. DE 18-177
Public Service Company of New Hampshire d/b/a Eversource Energy
Petition for Continuation of Reliability Enhancement Program

Response to Record Request

Dear Director Howland:

During the December 18, 2018 hearing in the above-referenced docket, Exhibit number 3 was held open for the response of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") to a record request. Please let this letter serve as the response to that request.

During the hearing, it was noted that the reliability measures depicted in the graph in Exhibit 2 referenced "NHPUC Criteria," whereas the reliability measures contained in the graphs in Attachment JAP-1 (Bates pages 17-21) of Eversource's November 16, 2018 filing referenced "IEEE Criteria." The request to Eversource was to update the material in JAP-1 using NHPUC Criteria to be consistent with the material depicted in Exhibit 2.

Included with this letter are updated graphs of the material in JAP-1 using NHPUC Criteria in place of IEEE Criteria to be entered as Exhibit 3 in this proceeding.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,
