Date of Response: 7/1/19

Respondent: Philip E. Greene

David B. Simek

REQUEST:

Payroll Expense: Reference Direct Testimony P. Greene and D. Simek, page 12, lines 1–7, and Schedule RR-3-01—"Adjustment for 2018 Vacancies and/or 2019 (incremental) Additions." Provide the following information for each position identified as 2018 Vacancies:

- a. When the position become vacant
- b. Whether the position has been filled (If filled, date filled and wage/salary assigned)
- c. If not yet filled, the Company's plans to fill the position

RESPONSE:

- a. Please see Confidential Attachment Staff 3-10.a containing detail to calculate Line 11 amount on Schedule RR-3-01, Adjustment for 2018 Vacancies and/or 2019 (incremental) Additions. Vacancies in the Customer Care department were calculated using total vacancies per month during the test year, as depicted on page 2 of the attachment. Page 3 contains a listing of Customer Service Representative vacancies that were filled by external candidates during 2018 and early 2019. Note that vacancies in other Customer Care areas such as Billing and Collections are filled through internal promotions. The number of vacancies for Customer Service Representative can run relatively high due to promotions internally, and/or employees leaving due to reasons such as challenges with performance or lack of interest in the position.
- b. Please see Confidential Attachment Staff 3-10.a which contains the details requested, including actual salary offered or projected (if position is not yet filled) that was used in calculating the Adjustment for 2018 Vacancies and/or 2019 (incremental) Additions in Line 11 of Schedule RR-3-01.
- c. For any open positions not yet filled, the Company will pursue, interview, and evaluate candidates determined to be qualified and suitable for the respective positions. The Company follows this process for open positions, and the timeline for filling incremental additions depends on finding suitable and qualified candidates.

Confidential Attachment Staff 3-10.a a list of employee positions with the specific salary (or figures from which the salary can be derived). Since this salary information can be traced to particular employees, it is confidential personnel information protected by RSA 91-A:5, IV. Therefore, pursuant to that statute and Puc 203.08(d), the Company has a good faith basis to seek confidential treatment of this information and will submit a motion seeking confidential treatment prior to the final hearing in this docket.

REQUEST:

Payroll/Vacancies: Reference OCA 1-15 shows the vacancies for 2016, 2017, and 2018. The following table summarizes the lists provided in the attachments by replacement and incremental vacancies. During the Technical Session, the Company stated that the 2016, 2017, and 2018 lists provided are vacancies that occurred throughout the year. Please explain why was there a significant increase in vacancies in 2018?

Vacancies			
	2016	2017	2018
Replacement	16	17	23
Incremental	26	18	46
	42	35	69
Source OCA 1-15			

RESPONSE:

The table that was provided in the request above shows replacement and incremental increases for the entire company, which included the gas side, as requested in OCA 1-15. For employees who are electric only or provide services to gas and electric, there were 56 total vacancies in 2018. Of the 56 vacancies, there were 37 replacements and 19 incremental positions.

Below is an updated table showing totals for positions that are electric only or both gas and electric:

Year	2016	2017	2018
Replacement	13	13	37
Incremental	17	14	19
Total	20	27	56

In 2018 we had 38 employees leave the Company for various reasons including retirement, resignations, and terminations. Of those 38 employees, 37 were replaced as the positions became vacant throughout the year. Please note that seven employees retired in 2018. As our

workforce ages, we expect those numbers to continue to increase in the years ahead, which will significantly add to our replacement count.

The 19 incremental positions included 3 summer interns. The remaining 16 were needed to support business growth, and the centralizing of finance and accounts payable functions in New Hampshire for the East region, with further details provided below:

- Six employees were hired in Finance and Accounting to support the restructuring and centralizing of the east region Finance and Accounts Payable functions in New Hampshire;
- Six employees were hired in Electric Operation to support underground work and to supplement the existing workforce;
- An Analyst position in the Regulatory department was listed as an incremental increase in the original response when it should have been listed as a replacement; and
- Three employees were hired to supplement the existing Regulatory and office support workforce.

Liberty Utilities Short Term Incentive Plan ("LU STIP") Document

Compensation Philosophy

The Company's compensation philosophy follows three underlying principles:

- To provide compensation that encourages and motivates performance
- To be competitive with other companies of similar size and scope in order to attract and retain talent
- To align the interests of our employees with the long term interests of the Company and its shareholders and customers

Purpose and Introduction

The LU STIP is a discretionary short term incentive cash bonus plan that provides the potential for eligible employees to receive cash awards based on their contributions to the success of the Company, in years ("Plan Period") when the Company meets or exceeds its objectives.

The purpose of the LU STIP is to align compensation with corporate targets and results, and thereby promote behaviours which benefit the interests of the Company, its shareholders, and customers and to reward personal achievements which are linked directly to overall corporate performance.

An eligible employee's contribution is determined by two factors: 1) the impact of that employee's role on business results and 2) that employee's achievement of individual performance objectives during the employee's active service with the Company.

The actual award received by an employee will reflect 1) the employee's job scope and responsibilities and that employee's achievement during the Plan Period and 2) the Company's performance as indicated by the business' scorecard.

Eligibility

All management level employees (grades 10 and above), regular full time and regular part time employees of the Company are eligible to participate in the LU STIP, with the exception of the following:

- Employees who are eligible for any other incentive plan of the Company (e.g., Shared Bonus Pool, Sales Incentive Programs or any other incentive/bonus arrangements which the Company may offer in lieu of the LU STIP)
- Individuals determined by the Company to be students, co-op students, interns, temporary, independent contractors, consultants or any other non-payroll workers.

The STIP award is based on two components each split by a weighting which varies by positon level.

Component	Typical Manager Weighting	Typical Director Level	Typical VP Level
Balance Scorecard Achievement	80%	85%	90%
Individual Performance Achievement	20%	15%	10%

KCP-4584306-2

Balanced Scorecard Achievement

The Balanced Scorecard Achievement is linked to the Balanced Scorecard that is relevant to the employee's Business Unit and state/region, if applicable. The Balanced Scorecard measures results in 4 major business objectives:

- 1. Efficiency
- 2. Operations
- 3. Customer
- 4. Employees

The scorecard objectives are based on Liberty Utilities' business plan for the Plan Period and established performance targets for each objective. Each objective is allocated a weighting and together, the total allocation equals 100%. Note: in some cases the total allocation for a category may be greater than 100%.

Individual Performance Achievement

Individual Performance % is based on the employee's achievement of individual objectives. An eligible employee's Management Team will determine the Individual Performance % for that employee for each Plan Period based on the employee's contributions and achievements during the Plan Period.

Calculation under the LU STIP will be based on the following formula:

For Liberty Utilities Canada:

- Business Unit Scorecard Performance Results % + Individual Performance Results % = STIP Percent Achievement
- Target Bonus % x Eligible Annual Base Salary x Pro-ration Factor x STIP Percent Achievement = STIP Payout \$

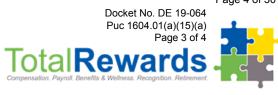

For Liberty Utilities outside of Canada:

- 1. Scorecard Performance % (Business Unit Performance % + State Performance %) + Individual Performance % = STIP Percent Achievement
- 2. Target Bonus % x Eligible Annual Base Salary x Pro-Ration Factor x STIP Percent Achievement = STIP Payout \$

Calculation Steps

- 1. Balance scorecard results are determined for each of the Liberty State/Regions as required
- 2. Individual results are reviewed and determined for the Individual STIP Factor
- 3. The results of the 4 balance scorecard factors and the Individual factor are combined and calculated for each state using their assigned weightings, and the final STIP percent achievement is determined
- 4. The final STIP percent achievement is then multiplied by the employees target bonus, eligible base salary and prorated based on number of bonus eligible days

Guidelines for the LU Discretionary Shared Bonus Pool

Compensation Philosophy

The Company's compensation philosophy follows three underlying principles:

- To provide compensation that encourages and motivates performance
- To be competitive with other companies of similar size and scope to attract and retain talent
- To align the interest of our employee with the long term interests of the Company, shareholders and customers.

Purpose and Introduction

The LU Shared Bonus Pool (SBP) is a discretionary benefit that provides Eligible Employees cash awards that align and recognize employee performance to the attainment of individual and business objectives.

An Eligible Employee's share of any discretionary bonus pool is generally determined by two factors, the:

- 1. Company's performance measured against a scorecard
- 2. Employee's achievement of individual performance objectives

Eligibility

All non-management level employees (grade levels 1 to 9), regular full time and regular part time employees of the Company are eligible to participate in the discretionary bonus pool with the exception of the following:

- Employees who are eligible for any other incentive plan of the Company (e.g., sales incentive plan or any other incentive/bonus arrangements which the Company may offer in lieu of the LU SBP) are not eligible to share in the discretionary bonus pool.
- Individuals determined by the Company to be students, co-op students, interns, temporary, independent contractors, consultants or any other non-payroll workers are not eligible to share in the discretionary bonus pool.

Determining the Pool

At the sole discretion of LU, a discretionary bonus pool may be created following the end of each year. The amount of the pool, if any, will be based on the achievement of the business' scorecard objectives and target levels. The scorecard objectives are based on LU' business plan for the year and established performance targets for each objective:

- Achievement of pre-determined Efficiency targets
- Achievement of pre-determined Operations targets
- Achievement of pre-determined Customer targets
- Achievement of pre-determined Employee Engagement targets

The discretionary bonus pool represents the total amount from which individual bonuses will be paid.

Determining Individual Awards

Individual awards for Eligible Employees are determined based on individual performance results and can range from 0 - 10% of an Eligible Employee's Annual Base Salary. Individual Performance is based on the employee's achievement of individual objectives and overall performance.

KCP-4582445-2 4/30/2015

An Eligible Employee's Management Team will determine the Individual Performance Rating for that employee for each Plan Period based on the employee's contributions and achievements during the Plan Period

The individual performance rating acts as a performance multiplier to the proposed cash bonus award so that it can either increase or decrease the proposed award as described below:

- 3 Meets Expectations = 100% performance multiplier
- 4 Exceeds Expectations = 110% performance multiplier
- 5 Always Exceeds Expectations = 120% performance multiplier

Calculation formula for employees:

Eligible Earning X Individual Award Percentages X Individual Performance Multiplier X Pro-ration Factor X Scorecard Blended Performance = Shared Bonus Incentive

Definitions

Pro-ration factor: # days actively employed in a SBP position divided by # days in Plan Period

Eligible Earning: Annual Base Salary means the annualized regular compensation paid to an eligible Employee, excluding any other compensation such as but not limited to, bonuses, commissions, over- time, allowances or other discretionary earning. The Annual Base Salary is determined at December 31, of the respective Plan Period

Plan Period: January 1 to December 31

Terms and Conditions

To be eligible for either a full or pro-rated award an employee must have been:

- In an SBP eligible role on or before October 1 of the Plan Period
- An employee will be considered to be actively employed for any calendar month in which the
 employee actually works at least one day
- Pro-rated awards may be made to Eligible Employees who transfer into or out of positions covered by
 other cash bonus plans, move from or to a job that is ineligible for the LU SBP or who are on a
 Company approved leave of absence, on "notice" of termination for part of the Plan Period, retire, or
 pass away during the Plan Period

An employee is not eligible for a LU SBP award:

- For any period the employee is not actively employed. If an employee meets the eligibility
 requirements but is actively employed for less than the full Plan Period, the employee's LU SBP
 award will be based on the number of days the employee is actively employed.
- Employees must be employed on date of payout to be eligible for an award.
- An employee's whose performance is below a "3" rating may not be eligible for an award*
 - *(An employee who received a performance rating below a "3" rating may be eligible for an award only at the discretion and approval of the employee's senior management team)

Special Rules for Employees Covered by Collective Bargaining Agreement:

Notwithstanding any provision in these guidelines to the contrary, employees covered by a collective bargaining agreement will only be eligible to participate in the discretionary bonus pool to the extent provided under the collective bargaining agreement. Further, the amount of any such bonus will not exceed the negotiated rate per the terms of the collective bargaining agreement.

KCP-4582445-2 4/30/2015

Compliance with the U.S. Fair Labor Standards Act

Any bonus paid from the discretionary bonus pool is intended to be a discretionary bonus and therefore excluded for purposes of computing the regular rate of pay for overtime purposes. However, to the extent any bonus is considered in the regular rate of pay under the Fair Labor Standards Act (FLSA), the total amount paid hereunder shall include any overtime pay required to be taken into account under the FLSA so that the aggregate amount paid to the employee shall be equal to the sum of the bonus plus the overtime.

Interpretations and Amendments

These guidelines may be terminated or amended from time to time in the sole and absolute discretion of LU. In the event of any conflicts or inconsistencies between the provisions in these guidelines and any other document or communication, written or oral, concerning the LU discretionary bonus pool, the provisions of this document, as amended from time to time, shall govern.

The Senior Vice-President, LABs, subject to the approval of the Compensation Committee and the Board of Directors in certain cases, shall interpret the provisions of the LU discretionary bonus program, which shall be final and binding on the Company and all LU participants.

Nothing in this document shall create an employment contract or other contract concerning the subject matter contained herein. There is no guarantee that any bonus shall be paid under these guidelines and any payment made hereunder (including the amount of such payment) shall be determined at the sole discretion of LU and not pursuant to any prior contract, agreement, or promise causing any individual to expect such payment on a regular basis.

The Company, in its sole and absolute discretion, reserves the right to terminate or amend the Shared Bonus Pool at any time and in any manner without notice.

- 4.2.1 In determining the Participants to whom awards may be made and the Award Value (and accordingly the number of PSUs and RSUs to be granted) for each award (subject, in the case of PSUs, to adjustment based on achievement of Performance Criteria), the Committee may take into account such factors as it shall determine in its sole and absolute discretion.
- 4.2.2 The PSUs granted to a Participant for a Performance Period shall be determined by dividing the Award Value determined for the Participant for such Performance Period by the Market Value as at the end of the calendar quarter immediately preceding the Award Date, rounded down to the next whole number.
- 4.2.3 The RSUs granted to a Participant shall be determined by dividing the Award Value of an award to be provided to the Participant in the form of RSUs by the Market Value as at the end of the calendar quarter immediately preceding the Award Date, rounded down to the next whole number.
- 4.2.4 For greater certainty and without limiting the discretion conferred on the Committee pursuant to this Section, the Committee's decision to approve a grant of PSUs in any Performance Period, or any grant of RSUs shall not entitle any Participant to an award of PSUs in respect of any other Performance Period or any future grant of RSUs; nor shall the Committee's decision with respect to the size or terms and conditions of an award require it to approve an award of the same or similar size or with the same or similar terms and conditions to any Participant at any other time. No Participant has any claim or right to receive an award or any PSUs or RSUs.
- 4.2.5 An Award Agreement shall set forth, among other things, the following: the Award Date of the award evidenced thereby; the number of PSUs or RSUs, as applicable, granted in respect of such award; the Performance Criteria applicable to PSUs and any other conditions to the Vesting of the PSUs or RSUs, as applicable; in the case of PSUs, the applicable

For greater certainty, a Participant shall have no right to receive Shares or a cash payment with respect to any PSUs or RSUs that do not become Vested PSUs or RSUs, as the case may be, under Article 7.

5. ACCOUNTS, DIVIDEND EQUIVALENTS AND REORGANIZATION

- Account. An account ("Account") shall be maintained by the Corporation for each award made to each Participant pursuant to an Award Agreement and which will be credited with an opening balance equal to the Award PSUs and/or Award RSUs granted pursuant to such Award Agreement. PSUs or RSUs that fail to vest pursuant to Article 7, or that are paid out to the Participant or his legal representative, shall be cancelled and shall cease to be recorded in the Participant's Account as of the date on which such PSUs or RSUs, as applicable, are forfeited or cancelled under the Plan or are paid out, as the case may be.
- Dividend Equivalent Units. Whenever cash dividends are paid on the Shares during the period from the Award Date under the Award Agreement to the date of settlement of the PSUs or RSUs granted thereunder, additional PSUs or RSUs, as applicable, will be credited to the Participant's Account in accordance with this Section 5.2 ("Dividend Equivalent Units"). The number of such additional PSUs or RSUs to be credited to the Participant's Account in respect of any particular dividend paid on the Shares will be calculated by dividing (i) the amount of the cash dividend that would have been paid to the Participant if each of the PSUs and RSUs recorded in the Participant's Account as at the record date for the cash dividend had been Shares by (ii) the Market Value on the date on which the dividend is paid on the Shares. Dividend Equivalent Units shall be Vested to the same extent and paid at the same time as the PSUs or RSUs, as applicable, to which they relate and shall

- 11 -

be considered to be designated as payable in Shares or in cash as the related PSUs or RSUs in the Participant's Account are so designated.

Adjustments. In the event of any stock dividend, stock split, combination or exchange of shares, capital reorganization, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to shareholders, or any other similar changes affecting the Shares, proportionate adjustments to reflect such change or changes shall be made with respect to the number of PSUs and RSUs outstanding under the Plan, or securities into which the Shares are changed or are convertible or exchangeable and as may be substituted for Shares under this Plan, on a basis proportionate to the number of PSUs and RSUs in the Participant's Account or some other appropriate basis, all as determined by the Committee in its sole discretion.

PSUs which do not become Vested PSUs in accordance with this Article 7 shall be forfeited by the Participant and the Participant will have no further right, title or interest in such PSUs. OCA Technical Session Data Requests - Set 2

Date Request Received: 10/22/19 Request No. OCA TS 2-12 Date of Response: 11/5/19 Respondent: Philip E. Greene David B. Simek

REQUEST:

Perhaps another data request with this information has been provided to OCA and overlooked, but the response to OCA TS 1-18, at Attachment OCA TS 1-18.e.3, shows the most recent/latest written LTIP plan/policy as the "2015 LTIP" (for performance periods 2015 to 2017). Explain if the Company provided the 2016 to 2019 written Plans, and cite to these Plans at other data requests or provide these Plans. For example, OCA 7-17 Attachment 7-17.c show the "2018 Bonus Plan Changes", but this does not seem to be the "2018 LTIP" in the same format as the "2015 LTIP" document, and it doesn't show specific EBITDA target "amounts/dollars" for 2018.

RESPONSE:

Attachment OCA TS 1-18.e.3 is not a copy of the most recent/latest written LTIP plan policy. Rather, as stated in the response to OCA TS 1-18, part e., that document was a "sample award letter" for the 2015 LTIP. The most recent version of the LTIP Plan is the document that was provided in the Puc 1604 filing requirements and located at Bates I-153 through Bates I-173. That document has a most recent revision date of June 8, 2017. The LTIP Plan has not changed since that time.

Additional information for the LTIP for the years 2016 through 2018 can be found in the sample award letters provided in Attachment OCA TS 2-12.1 through Attachment OCA TS 2-12.3, respectively.

The reference to Attachment OCA 7-17.c. is not relevant to LTIP as that document was related to STIP.

<u>Corp. and its Participating Affiliates</u>

Docket No. DE 19-064 Attachment OCA TS 2-12.3 Page 6 of 8

APPENDIX C - Performance Adjustment Factor

The Total Shareholder Return (TSR) Modifier will be calculated as set out below, based on the Company's TSR relative to the TSR of a peer group of companies selected by the Company. For the 2018 PSU Awards the selected peer group comprises the companies in the S&P/TSX Capped Utilities Index. The TSR Modifier will be applied to adjust the number of PSUs that Vest based upon the return achieved by shareholders of the Company over the Performance Period in order to promote further alignment between employees and shareholders of the Company. Depending on the Company's TSR relative to the selected peer group, the number of Vested PSUs may be higher or lower than it would be if based solely on the factors set out in paragraphs (a), (b) and (c) of this Appendix A.

Total Shareholder Return (TSR) is defined as the change in the total value of equity investment, taking into account the change in price and the reinvestment of distributions. The TSR Modifier will be calculated as follows:

Performance Level	TSR Ranking vs. Performance Peer Group	Performance Modifier*
Below Threshold / Threshold	≤ <i>P</i> 25	80%
Target	P26 to P74	100%
Maximum	≥ <i>P</i> 75	120%

^{*}The Performance Modifier when performance is between the Threshold and Target and Target and Maximum will be interpolated on a linear basis

TSR ranking will be calculated based on cumulative 3-yr TSR over the performance period, and will be based upon the 20-day volume weighted average trading price (VWAP) of the publicly listed common shares of the relevant company at the beginning and ending of the performance period – e.g. for the 2018 PSUs, the starting price will be calculated as the 20-day VWAP on the first trading day of 2018, and the ending price will be calculated as the 20-day VWAP on the final trading day of 2020.

OCA Data Requests - Set 1

Date Request Received: 5/17/19 Date of Response: 6/25/19 Request No. OCA 1-29 Respondent: David B. Simek

REQUEST:

Provide the amount of severance expense (along with any other related costs related to voluntary and non-voluntary force reductions) recorded on the Company's books for calendar years 2017 and 2018 by account number, and explain why these one-time costs should be recovered in the rate case.

RESPONSE:

In 2017, there was \$83,509.72 paid out in severance and booked to Granite State. In 2018, the amount was \$52,224.83. In addition to the amount of severance wages paid, employees also received outplacement services for 6 weeks, on average, and employer supplemented medical benefits during their severance periods. Severance payments are not paid through a specific account. Severance is paid through the former employees' regular payroll accounts. Severance costs are a cost of doing business and are not unique to Liberty Utilities. Many times those costs can offset potential litigation costs that might otherwise be incurred.

REVISED RESPONSE:

The original submission included incorrect severance payment amounts. The correct amount of 2017 severance paid out and booked to Granite State was \$103,988.95. The correct amount of 2018 severance paid out and booked to Granite State was \$70,985.70.

- b. To provide the invoices and supporting documentation that explain the costs in detail would involve an inordinate amount of time to research as the totals represent numerous costs accumulated over the course of the year. Each account and amount listed above may have multiple invoices. It would be more beneficial and efficient to discuss in person to understand the information and processes involved rather than provide a multitude of invoices.
- c. A large number of the differences from 2017 relate to the general ledger account restructuring that has been discussed in several responses. In addition, please refer to the responses to parts a. and b. above.

- a. Please explain the significant increase in outside legal costs from 2017 to 2018?
- b. What services were provided by outside legal during the test year?

RESPONSE:

- a. Outside legal services are variable due to events outside the Company's control, such as costs to defend lawsuits against the Company or to investigate such a claim prior to suit being filed. Two such events occurred in 2018 the Company retained outside counsel to defend a civil claim in federal court (\$15,424), and retained another outside counsel to investigate a threatened claim (\$13,154).
- b. - b. XXXXXXXXX Elimination was the result of a mutually agreed upon separation. Another employee was promoted into this role under new restructured roles and responsibilities within the role.
- c. XXXXXXXXX Elimination was the result of a mutually agreed upon separation. The role was subsequently filled based on a re-evaluation of increasing workload related with the XXXXXXXXX department.

The amount of severance paid during the test year for the three positions identified by the above cited language from the response to Staff 6-4 CONFIDENTIAL is as follows:

- a. \$0
