Public Service New Hampshire d/b/a Eversource Energy
Petition for Licenses to Construct and Maintain Electric Lines and
Communication Cables Over and Across the Squamscott River in the
Towns of Stratham and Exeter and Over and Across Land Owned by

Revised Staff Recommendation

TO: Debra Howland, Executive Director
Thomas Frantz, Director, Electric Division
Richard Chagnon, Assistant Director, Electric Division
Lynn Fabrizio, Staff Attorney, Legal Division

CC: Randall Knepper, Director - Safety Division

The Safety Division submits the attached revised Staff Recommendation in this docket.

The following corrections have been made to the recommendation filed on November 12, 2019, as italicized below:

1. On page 2, the second paragraph under Water Crossing should read “*Optical Power Ground Wire*”.
2. On page 3, the reference in the second paragraph under Land Crossing should refer to “land” rather than “water,” as follows:

In its petition, ES provides sufficient detail to show how all required clearances from the lowest phase wire to the surface of the *land* will be maintained at 32.6 feet.

3. In Attachment A, Structure 270 is located *east* of the State land parcel and Structure 271 is located *west* of that parcel. In addition, the total crossing span over State land is 138 feet (not 118 feet). The compass points were inverted, based on the petition as filed; Staff has confirmed the correct locations with the Company.

The attached Recommendation has been corrected accordingly.
