SUBJECT: DM 19-128, ANE American New Energy, LLC
Application to Renew Registration as a Provider of Electric
Aggregation Service

TO: Debra Howland, Executive Director

On July 22, 2019, ANE American New Energy, LLC (ANE) filed an application to renew its registration as a provider of electric aggregation service. ANE's most recently effective registration expired on July 31, 2019.

Staff e-mailed ANE, who filed and administered the application, to request additional information required to complete the application on July 23, 2019 and received a response stating the information would be filed.

ANE has not responded with the requested information. ANE's renewal application has not been completed and its registration has expired. Staff therefore recommends that ANE's application for renewal of its electric aggregator registration be denied in writing, pursuant to Puc 2003.06(e)(2), and that this docket be closed.
