RE: Docket No. DE 19-133
Public Service Company of New Hampshire d/b/a Eversource Energy
Petition for Preauthorization of Westmoreland Clean Innovation Project

Request to Amend Procedural Schedule

Dear Director Howland:

On October 1, 2019, the Commission issued a secretarial letter approving a procedural schedule in the above-captioned docket. Pursuant to that schedule, the parties were set to have a technical session on November 19, 2019. That technical session was the last event identified on the schedule. In October 2019, both of the witnesses who had filed testimony on behalf of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") left their positions at Eversource. In recognition of a need to allow new witnesses to participate fully in the docket, Eversource reached out the other parties to request a delay in the technical session from November 19 to a later date.

Following an exchange among the parties, the parties have agreed to delay the technical session until January 17, 2020. Eversource understands that this new date is agreeable to all parties and notes that because the technical session was the last event on the procedural schedule, a delay in the technical session will not unduly delay the proceeding and will not impact any further events on the schedule. Accordingly, Eversource requests that the Commission amend the procedural schedule to cancel the technical session on November 19, 2019 and reschedule it for January 17, 2020.

If you have any questions, please do not hesitate to contact me. Thank you for your assistance with this matter.

Very truly yours,

Matthew J. Fossum
