**Request for Approval of Swanzy Community Power Electric Aggregation Plan**

**Commission Approval of Community Power Aggregation Plan**

**O R D E R N O. 26,751**

**December 19, 2022**

In this order, the Commission approves the Town of Swanzy's (Swanzy) Community Power Electric Aggregation Plan (Plan).

**I. BACKGROUND**

On October 21, 2022, Swanzy submitted a request for approval of a community power aggregation plan to provide electric power supply and services for residents, businesses, and other entities in Swanzy pursuant to RSA chapter 53-E. Accompanying its request, Swanzy submitted the text of its Plan with attachments.

On October 25, 2022, the Commission issued an order of notice establishing a deadline for comments on Swanzy's Plan. Public Service Company of New Hampshire d/b/a Eversource Energy commented, stating that it found it to be consistent with the Puc Chapter 2200 rules and noting that it filed a petition for a waiver of Puc 2203.02(b)(5).

Swanzy's request, along with all subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the

Commission, is posted at: <https://www.puc.nh.gov/Regulatory/Docketbk/2022/22-069.html>.

## II. COMMISSION ANALYSIS

The Commission has reviewed Swanzey's Plan pursuant to RSA 53-E:7, II, as amended, which states that

The commission shall approve any plan submitted to it unless it finds that it does not meet the requirements of this chapter and other applicable rules and shall detail in writing addressed to the governing bodies of the municipalities or counties concerned, the specific respects in which the proposed plan substantially fails to meet the requirements of this chapter and applicable rules.

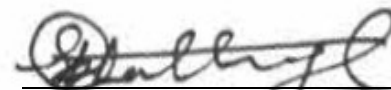

RSA 53-E:7, II also provides specific direction on the process to be used for the submission of such plans, including the following requirements: 1) on the same day the plan is submitted to the Commission, copies shall be provided to the Office of the Consumer Advocate and any electric distribution utility providing service within the jurisdiction of the municipality; 2) the Commission shall accept public comments for 21 days thereafter; and 3) the Commission's review of the plan and comments shall not require a contested case. N.H. Code Admin R. Puc 2204.01 (a) also requires notification of aggregation plan filings be made with the New Hampshire Department of Energy.

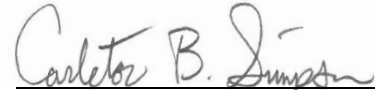

Swanzey's submission complied with these procedural requirements. Based on our review of the Plan, we have determined that Swanzey's Plan contains an adequate level of detail of the RSA 53-E:6, III statutory criteria, other applicable statutory requirements, and applicable rules, including N.H. Code Admin R. ch. 2200.

**Based upon the foregoing, it is hereby determined** that the Town of Swanzey's Request for Plan Approval is GRANTED.

By order of the Public Utilities Commission of New Hampshire this nineteenth day of December, 2022.
