Request for Approval of Wilton Community Power Electric Aggregation Plan

Commission Approval of Community Power Aggregation Plan

ORDER NO. 26,753

December 22, 2022

In this order, the Commission approves the Town of Wilton's (Wilton) Community Power Electric Aggregation Plan (Plan).

I. BACKGROUND

On October 27, 2022, Wilton submitted a request for approval of a community power aggregation plan to provide electric power supply and services for residents, businesses, and other entities in Wilton pursuant to RSA chapter 53-E. Accompanying its request, Wilton submitted the text of its Plan with attachments.

On October 27, 2022, the Commission issued an order of notice establishing a deadline for comments on Wilton's Plan. No comments were received.

Wilton's request, along with all subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, is posted at: <https://www.puc.nh.gov/Regulatory/Docketbk/2022/22-071.html>.

II. COMMISSION ANALYSIS

The Commission has reviewed Wilton's Plan pursuant to RSA 53-E:7, II, as amended, which states that

The commission shall approve any plan submitted to it unless it finds that it does not meet the requirements of this chapter and other applicable rules and shall detail in writing addressed to the governing bodies of the municipalities or counties concerned, the specific respects in which the proposed plan substantially fails to meet the requirements of this chapter and applicable rules.

RSA 53-E:7, II also provides specific direction on the process to be used for the submission of such plans, including the following requirements: 1) on the same day the plan is submitted to the Commission, copies shall be provided to the Office of the Consumer Advocate and any electric distribution utility providing service within the jurisdiction of the municipality; 2) the Commission shall accept public comments for 21 days thereafter; and 3) the Commission's review of the plan and comments shall not require a contested case. N.H. Code Admin R. Puc 2204.01 (a) also requires notification of aggregation plan filings be made with the New Hampshire Department of Energy. Wilton's submission complied with these procedural requirements.

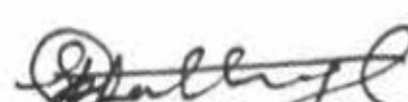

Based on our review of the Plan, we have determined that Wilton's Plan contains an adequate level of detail of the RSA 53-E:6, III statutory criteria, other applicable statutory requirements, and applicable rules including N.H. Code Admin R. ch. 2200.

Based upon the foregoing, it is hereby determined that the Town of Wilton's Request for Plan Approval is GRANTED.

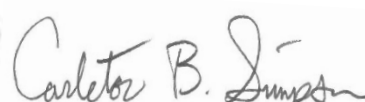

By order of the Public Utilities Commission of New Hampshire this twenty-second day of December, 2022.
