EXPLANATION

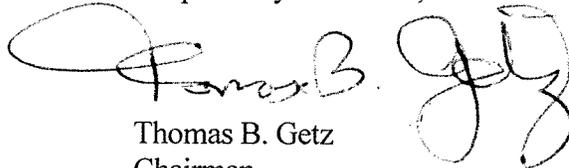

The Public Utilities Commission (PUC) is charged with administering the Greenhouse Gas Emissions Reduction Fund (GHGERF) created by RSA 125-O:23 to support energy efficiency, conservation and demand response programs aimed at reducing greenhouse gas emissions generated within New Hampshire. On February 23, 2009, the PUC issued a Request for Proposals (RFP) for programs to be funded by GHGERF grants. In response to the RFP, the Commission received 84 proposals requesting a total of more than \$50 million in grant funds. Attachment A provides additional information on the grant review and award process.

August 6, 2009
Page 2

With these funds, the Town of Gorham Fire Department will replace a defunct heating system with an energy efficient system that will reduce fuel consumption by 30 to 50 percent as well as a pellet boiler that will reduce their use of fossil fuels. Implementation of this program will result in a decrease of CO₂ by as much as 64,960 pounds per year.

In the event that GHGERF funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Thomas B. Getz
Chairman

ATTACHMENT A – GRANT REVIEW PROCESS

The PUC issued a Request for Proposals on February 23, 2009. The RFP was developed in consultation with the state's Energy Efficiency and Sustainable Energy Board, created by the legislature in 2008 "to promote and coordinate energy efficiency, demand response, and sustainable energy programs in the state."

The RFP was circulated electronically to a list of more than 300 individuals and organizations known to have an interest in energy policy and programs, including members of the Energy Efficiency and Sustainable Energy Board (EESE Board); posted on the PUC and Office of Energy and Planning websites; advertised in the Union Leader on February 28, April 1 and April 2; and announced via press release to major media outlets in the state.

The PUC formed a grant review committee to evaluate each of the 84 proposals that were submitted. The team consisted of four members of the PUC - Chairman Thomas Getz, Commissioners Clifton Below and Graham Morrison, and Jack Ruderman, Director, Sustainable Energy Division – plus Eric Steltzer of the Office of Energy and Planning, and Richard Ober of the New Hampshire Charitable Foundation. Mr. Ober also serves as the Chair of the EESE Board.

The proposals were broken down into eight separate categories¹ in order to allow for an "apples to apples" comparison. The proposals were then individually evaluated by the review committee using a list of thirteen criteria specified in the PUC administrative rules for the Greenhouse Gas Emissions Reduction Fund (Chapter 2600). The committee then met as a group on a regular basis to identify the strongest proposals within each category, and to assign an overall letter grade to each proposal based on the consensus of the group.

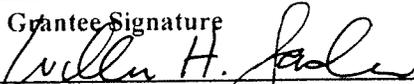

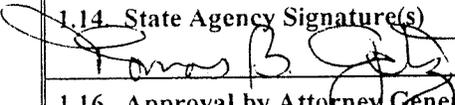

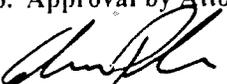

The committee has selected a total of thirty proposals to fund. The first nine were approved at the July 15 Governor and Council meeting. Seven awards (including this one) are now before Governor and Council, and fourteen more will be presented in September and October. In all, the thirty grant awards will amount to more than \$17 million.

¹ The eight categories are: job development, monitoring and measurement, multi-objective, outreach and education, revolving loan fund, public entity, commercial entity, and non-profit/educational entity.

The State of New Hampshire and the Grantee hereby mutually agree as follows:

In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.

In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

A certificate of insurance demonstrating compliance with subparagraphs 17.1 and 17.2 shall be attached to this Grant Agreement.

18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.
