

**QUESTIONS AND ANSWERS**  
**RFP FOR RENEWABLE ENERGY PROJECTS**  
**AUGUST 28, 2014**

	Question	Answer
6.	Would complete replacement of an existing HVAC system in a municipal building with a more energy efficient system be an eligible project under the RFP #2104-003 program?	No, it would not be eligible. This RFP provides grant opportunities for renewable energy projects. The project you reference is an energy efficiency upgrade.
