Concord, NH 03301

Re: Pennichuck East Utility, Inc. – 2021 NHPUC Annual Report

Dear Ms. Descoteau:

Pursuant to Rule 609.04 F-16 – Water Annual Report - Attached is an electronic filing of the 2021 NHPUC Annual Report including the 2021 Unaccounted Water Report, the Short Debt Limit Threshold Calculations, CBFRR Calculation and the Rate Stabilization Fund Reconciliation for Pennichuck East Utility, Inc. Also attached is annual reporting on assets associated with North Country Capital Recovery Surcharge. Pursuant to the notice issued by the Commission on March 17, 2020, suspending all Commission rules requiring the filing of paper copies until further notice, pursuant to its rule waiver authority under PUC 201.05, we are electing to only file an electronic form on this Annual Report with the Commission. We are maintaining the original copies on file which can be made available to the Commission upon request.

Overall, the operating and maintenance expenses increased by 3.09% or \$193,282. The primary reason for this change is due to the items noted below. These represent explanations for expense variances with a 10% increase (decrease) or more from calendar year 2020 to calendar year 2021:

Account 7601: Operation Labor and Expenses increased 48.65% or \$10,645. This increase was primarily attributed to more resources being dedicated to work in this account in 2021 when compared to 2020.

Account 7602: Purchased Water decreased 16.90% or \$232,788. This decrease was primarily due to decreased summer usage in 2021, which was a wet year versus 2020 which was a drought year.

Account 7633: Maintenance of Pumping Equipment increased by 11.23% or \$82,916. This increase is primarily attributed to more resources being dedicated to work in this account in 2021 when compared to 2020.

Account 7641: Chemicals Expense decreased 35.46% or \$35,694. This decrease was primarily due to decreased summer usage in 2021, which was a wet year versus 2020 which was a drought year. Additionally, the cost of arsenic replacement media was reduced when the treatment for Arsenic at Locke Lake for the Airstrip well was converted to the removal of arsenic treatment using Coprecipitation in late 2020.

Account 7642: Operation Labor and Expenses increased 56.61% or \$36,329. This increase was primarily caused by continuing and increased water sampling requirements for PFAS, Arsenic and Manganese in 2021 versus 2020.

Account 7652: Maintenance of Water Treatment Equipment increased 13.58% or \$4,003. This increase is primarily attributed to more resources being dedicated to work in this account in 2021 when compared to 2020.

Account 7663: Meter Expenses increased 13.13% or \$7,522. This increase was primarily due to increased use of meter staff to begin the radio meter interface unit replacement program which was initiated in the fall of 2021.

Account 7664: Customer Installation Expenses increased 133.30% or \$4,745. This increase is primarily due to a number of incidents where there was damage to customer premises as a result of meter base plate failures that results in water damage claims that were below the Company's deductibles and as such were paid directly by the Company.

Account 7665: Miscellaneous Expenses decreased 100% or \$154.00. This decrease is primarily due to no small tool expense occurred in 2021.

Account 7673: Maintenance of Transmission & Distribution Mains increased 23.47% or \$76,744. This increase is primarily attributable to higher levels of main repairs in 2021 versus 2020 as more staff was available to be directed at leak detection due to restrictions on certain maintenance activities that were created and fully in force for all of 2021 due to COVID restrictions on this type of activity that were not in place during the first three months of 2020.

Account 7676: Maintenance of Meters increased 420.02% or \$32,716. This increase is primarily due to increased focus on large meter maintenance in lieu of small meter maintenance when comparing 2021 to 2020.

Account 7902: Meter Reading expenses increased by 22.90% or \$13,423. This increase was primarily due to increased levels of rereads (exceptions) created by increasing levels of radio meter interface unit failures.

Account 7904: Uncollectible Accounts decreased 18.92% or \$1,995. The Company does not have a clear understanding of why uncollectible accounts decreased between 2020 and 2021.

Account 7923 Outside Services Employed increased 112.12% or \$15,644 primarily due to fees associated with the QCPAC filing and Wood Meadow project.

Account 7924: Insurance Expense decreased 11.04% or \$12,510. This decrease is primarily due to credits applied as a result of insurance company audits.

Account 7928: Regulatory Commission expense increased 17.48% or \$5,778 primarily due to an increase in our annual fees paid to commission.

If you should have any questions or comments, please do not hesitate to call me.

Sincerely,

A handwritten signature in cursive script that reads "Carol Ann Howe".

Carol Ann Howe, CPA
Assistant Treasurer, Director of Regulatory Affairs and Business Service

Alar data available
 Alar sales are made at Alar Sales records Alar sales records. Meter readings are taken at Alar and sales meters are taken at Alar sales data.
 The Alar sales data is based on sales from water bills where the water meter is located.
 Alar sales is reduced where there is a data in the case of the Alar sales records.
 Retail meters are read at different times and are based on sales from water bills where the meter is located.
 Average leakage rate calculated for Alar sales is the difference between CC sales and sales read over the entire year.

A-1 GENERAL INSTRUCTIONS

1. This form of Annual Report is for the use of water companies operating in the State of New Hampshire.
2. This Annual Report Form shall be filed with the New Hampshire Public Utilities Commission, 21 S. Fruit St., Concord, New Hampshire 03301-2429, on or before March 31 of each year, in accordance with the requirements of New Hampshire RSA 374:13 Form of Accounts and Records.
3. The word "Respondent" whenever used in this report, means the person, firm, association or corporation in whose behalf the report is filed.
4. The report should be typed or a computer facsimile report will be accepted if submitted on standard size (8 ½ x 11) paper. All dollar amounts should be reported to the nearest whole dollar. All entries should be legible and in permanent form.
5. Unless otherwise indicated, the information required in the Annual Report shall be taken from the accounts and other records prescribed in PART Puc 610 and the definitions and instructions contained therein shall also apply to this report whenever applicable.
6. Instructions should be carefully observed and each question should be answered fully and accurately whether or not it has been answered in a previous Annual Report. If the word "**No**" or "**None**" truly and completely states the fact, it should be used to answer any particular inquiry or any portion thereof. If any schedule or inquiry is inapplicable to the respondent, the words "**Not Applicable**" or "**n/a**" should be used to answer.
7. Entries of a contrary or opposite character (such as decreases reported in a column providing for both increases and decreases) should be enclosed in parentheses.
8. Wherever schedules call for comparisons of figures of a previous year, the figures reported must be based upon those shown by the Annual Report of the previous year, or an appropriate narrative explanation given and submitted as an attachment to the Annual Report.
9. Attachments and additional schedules inserted for the purpose of further explanation of accounts or schedules should be made on durable paper conforming to this form in size and width of margin. The inserts should be securely bound in the report. Inserts should bear the name of the Respondent, the applicable year of the report, the schedule numbers and titles of the schedules to which they pertain.
10. All accounting items and phrases used in this Annual Report are to be interpreted in accordance with PART Puc 610 Uniform System of Accounts for Water Utilities prescribed by this Commission.
11. If the Respondent makes a report for a period less than a calendar year, the beginning and the end of the period covered must be clearly stated on the front cover and throughout the report where the year or period is required to be stated.
12. Whenever schedules request Current Year End Balance and Previous Year End Balance, the figures reported are based on fiscal year and general ledger account balances.
13. Increases over 10% from preceding year are to be explained in a letter.

A-2 IDENTITY OF RESPONDENT

1. Give the exact name under which the utility does business: PENNICHUCK EAST UTILITY, INC.
2. Full name of any other utility acquired during the year and date of acquisition: None
3. Location of principal office: 25 Walnut Street, PO Box 428, Nashua, NH 03061-0428
4. State whether utility is a corporation, joint stock association, a firm or partnership or an individual: Corporation
5. If a corporation or association, give date of incorporation, State under whose laws incorporated, and whether incorporated under special act or general law: Incorporated January 20th, 1998 in the State of New Hampshire
6. If incorporated under special act, give chapter and session date: N/A
7. Give date when company was originally organized and date of any reorganization: Same as date of incorporation
8. Name and addresses of principal offices of any corporations, trusts or associations owning, controlling or operating Respondent: Pennichuck Corporation, 25 Walnut Street, PO Box 428, Nashua, NH 03061-0428
9. Names and addresses of principal offices of any corporations, trusts or associations owned, controlled or operated by Respondent: N/A
10. Date when Respondent first began to operate as a utility*: Same as date of incorporation
11. If the Respondent is engaged in any business not related to utility operation, give particulars: N/A
12. If the status of the Respondent has changed during the year in respect to any of the statements made above, give particulars, including dates: N/A
13. If the utility is a foreign corporation which operated in New Hampshire prior to June 1, 1911, give date on which permission was granted to operate under N.H. Rev. Stat. Ann. 374:25, **Exceptions** and N.H. Rev. Stat. Ann. 374:26 **Permission**.

* If engaged in operation of utilities of more than one type, give dates for each.

F-11 ACCUMULATED DEPRECIATION OF UTILITY PLANT IN SERVICE (ACCOUNT 108.1)

Report of the information called for concerning accounts related to depreciation of utility plant in service at end of year and changes during year.
 Depreciation accounts adjusted during year.
 Depreciation differences between the amount for cost of assets retired and the amount reported in the schedule of utility plant in Service of the respective retiree's depreciation report.
 The provisions account of the System Accounts is that retiree's depreciation is recorded on the schedule of service. There are some items included in this schedule that are not retired or available for sale on an estimated basis in respect to a significant amount of assets retired from service for which appropriate entries have not been made to the accumulated depreciation account. The inclusion of these amounts in this schedule is made even though it involves a charge to the account as of the end of the year recorded subsequent to closing records. See also note to schedule of utility plant in Service.
 Section of schedule accounts is prescribed by functional classifications.

A. Balances and Changes During Year

Line No.	Item (a)	Utility Plant in Service (Account 108.1) (b)

F-45 ACCUMULATED DEFERRED INCOME TAXES (Accounts 281, 282, 283)

Report the information called for concerning the resourcés accumulated for deferred income taxes. If the space provided is insufficient, attach a separate sheet to the report.

Accelerated Amortization State for each certification per a brief description of the asset and amortization cost schedule. State the date of certification or the process completed and the depreciation rate used in computing deferred taxes. Tax rate used to calculate the deferred taxes and the tax rate used during the current year to amortize the deferred taxes.

Liberalized Depreciation State the general method or methods of liberalized depreciation used. Specify the years in which depreciation was estimated. Give the classes of assets and classes of assets to which each method is applied and the date each was adopted. Give a brief summary for each year to date of the report of the amount of the deferred taxes and the effect of each year's tax on the deferred taxes to date. Give

F-47 OPERATING REVENUES (Accounts 400)

Report the amount of operating revenue for the year for each prescribed account and the amount of increase or decrease over the preceding year. Increases and decreases are not derived from previous reported figures except in accounts where separate meter readings are added for interdepartmental sales. Total sales after interdepartmental sales are reported on the basis of meters added. The average number of customers per meter is based on the average number of customers per meter at the close of each year. Total after Operating Revenues are reported as scheduled in the State of Maine.

Line No.	Account (a)	OPERATING REVENUES		NUMBER OF THOUSAND GALLONS SOLD		AVERAGE NO. OF CUSTOMERS PER MONTH *	
Line No.	Account (a)	Amount for Year (b)	Increase or Decrease from Preceding Year (c)	Amount for Year (d)	Increase or Decrease from Preceding Year (e)	Number for Year ** (f)	Increase or Decrease from Preceding Year (g)

	Other Meter Revenues						
	Unmetered Revenue						
	Total Other Operating Revenues						
	Total after Operating Revenues						

BILLING ROUTINE

Report the amount of operating revenue for Accounts and meters. The period for billing is reported in Days. Revenue is related to service for the billing cycle and State of Maine. The period between the date meters are read and the date customers are billed is reported in Days. The period between the billing date and the date of billing discounts are reported in Days. See schedule A for Contact Charges. Drive the year in contact of territory added and in contact rate increases or decreases.

Notes:

Fire Protection Revenue includes draft fire protection charges. Fire and meter costs are based on services that have been active for the period at the time and not additional customer costs do not affect the meter meters and fire services since an account could be not metered and have fire services. Additionally, the meter for drafts of a meter represent a fee accounts. This is Capital Recover Revenue. The customers that are added for this are already included in Metered Customers. There are the same amount of a fee included in metered revenue customers.

F-50 TAXES CHARGED DURING THE YEAR (Accounts 408 and 409)

This schedule is intended to give the account distribution of taxes charged to operations and other accounts during the year. The appropriate account should be listed under the appropriate heading of "Federal," "State," and "Local." The accounts to which taxes charged were distributed should be shown in columns as set forth. If a particular account was necessary to allocate the total amount of taxes charged to the appropriate state in a particular case, a separate schedule should be prepared. The taxes charged as shown in column (b) should agree with the amounts shown on the schedule entitled "Accrued and Prepaid Taxes." Do not include in this schedule entries with respect to deferred income taxes or taxes collected through a revolving credit facility or otherwise on behalf of other parties.

F-56 RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME FOR FEDERAL INCOME TAXES

Report hereunder a reconciliation reported net income for the year with taxable income used in computing federal income tax accruals and stockholders' dividends. The reconciliation shall be submitted even though there is no taxable income for the year. Descriptions should clearly indicate the nature of each reconciliation and amount.

If the amount is a positive or negative amount, it is a consolidated federal tax return reconciliation reported net income with taxable net income as a separate return. Where the indicated amount ever intercompany amounts to be indicated in stockholders' dated return. State taxes are reported on a separate basis on a consolidated basis. Classification of stockholders' shares of the consolidated tax return is reported on a separate basis.

S-1 REVENUE BY RATES

Report the amount for each rate schedule in effect during the year for the total gallons sold, the average revenue per customer, the average gallons sold per customer, and the average revenue per thousand gallons sold. Provide a schedule and total for each prescribed operating revenue account in the schedule titled "Operating Revenues" of the sales order. Rate schedules are classified in the total revenue account list the rate schedule and sales data under each applicable revenue account schedule. Where the same customers are served under the total rate schedule in the same revenue account classification the entries in column (d) for the special schedule should denote the classification in the reported customer. Where customers are reported on the basis of metered customers, the meter rate accounts reflect that where separate meter readings are added for the purposes of the customer schedule for each of the meters added. The average revenue per customer is each the average of the revenue in the case of each of the

Line No.	Number and Title of Rate Schedule (a)	Thousands Gallons Sold (b)	Revenue (c)	Average Number of Customers * (d)	Thousand Gals. Sales per Customer (e)	Revenue per Thousand Gals. Sold (f)
	Totals, Account 460 Unmetered Sales to General Customers					
	Totals, Account 461 Metered Sales to General Customers					
	Totals, Account 462 Fire Protection Revenue **					
	Totals, Account 466 Sales for Resale					
	Totals, Account 467 Interdepartmental Sales					
	TOTALS (Account 460-467)					

Notes:
 Fire Protection Revenue includes draft fire protection charges.
 Fire and meter costs are based on services that have been active for the purposes at the time and at a reduced customer costs do not at the time per.
 Meters and fire services since an account could be metered and have fire services. Additional meter draft is a reserve at the account.
 This is Capital Recover Revenue. The customers that are added for this are already included in Metered Customers. There are the schedule at a schedule included in metered revenue customers.

Pennichuck East Utility, Inc.
Rate Stabilization Fund Reconciliation - GAAP Basis
For the Period Ending December 31, 2021

Rate Stabilization Fund Balance	12/31/2021	\$ 0.00
		\$ 0.00
 <u>Deficit consists of</u>		
Surpluses	(See Attachment A)	\$ 0.00
Receivables MOERR RS		\$ 0.00
Surpluses		\$ 0.00
 Rate Stabilization Fund Balance DSRR 1.0	 12/31/2021	 \$ 0.00
Surpluses		\$ 0.00
 <u>Surpluses consists of</u>		
Deferred Tax		\$ 0.00
Surpluses	(See Attachment B)	\$ 0.00
Accounts Receivable		\$ 0.00
Receivables MOERR RS		\$ 0.00
Surpluses		\$ 0.00
 Rate Stabilization Fund Balance MOERR	 12/31/2021	 \$ 0.00
Deficit		\$ 0.00
 <u>Surpluses consists of</u>		
Deferred Tax		\$ 0.00
Deficit	(See Attachment C)	\$ 0.00
Receivables MOERR RS		\$ 0.00
Receivables MOERR RS		\$ 0.00
Receivables MOERR RS		\$ 0.00
		\$ 0.00
		\$ 0.00

Pennichuck East Utilities
 CBFRR Calculation and RSF treatment
 For the year ended 12/31/21

Attachment A

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Actual Material After Revenues (M) (S)												
Net Actual Material Revenues												
Total Actual Material After Revenues												
Times the CBFRR Revenue Requirement (e.g. 1.00)												
Calculated CBFRR												
Material CBFRR Requirement												
Surplus/Deficit (same as the CBFRR RS)												\$ 9,237.51
Comparative Surplus/Deficit (same as the CBFRR RS)												

Current Surplus/Deficit	Current Surplus/Deficit

*RATES WILL BE UPDATED AFTER COMPLETION OF NEXT RATE CASE

Additional Notes
 The Operating Expense Revenue Requirement (OERR) is made up of:
 - Material Operating Expense Revenue Requirement (MOERR)
 - Non-Material Operating Expense Revenue Requirement (NOERR)

**Pennichuck East Utilities
DSRR Calculation and RSF treatment
For the year ended 12/31/21**

Attachment B

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Actual Metered Water Revenues from M&IS												
Net Impact of Metered Revenues												
Total Actual Metered Water Revenues												
Times the DSRR Revenue Requirement Exceeds Requirement												
Actual Metered C&AC Service Revenues												
Net Impact of Metered Revenues												
Total Actual Metered C&AC Services												
Times the DSRR Revenue Requirement Exceeds Requirement												
Calculated DSRR												
Monthly DSRR Expense												
Monthly DSRR Requirement Total												
Service Deficit as a % of the DSRR RS												
Comparative Service Deficit as a % of the DSRR RS												

**Pennichuck East Utilities
OERR Calculation and RSF treatment
For the year ended 12/31/21**

Attachment C

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Actual Metered Water Revenues (M)IS												
Net Impact of Metered Revenues												
Total Actual Metered Water Revenues												
Times the MOERR Revenue Requirement												
Actual Metered CAC Service Revenues												
Net Impact of Metered Revenues												
Total Actual Metered CAC Services												
Times the MOERR Revenue Requirement												
Calculated MOERR												
Monthly MOERR Requirement												
Monthly MOERR Requirement (TOTAL)												
Service Deficit (Total MOERR RS)												
Relative Service Deficit (Total RS)												
Actual Metered Expenses												
Total Actual Metered Expenses												
Monthly Calculated MOERR												
Service Deficit (Total MOERR RS)												
Relative Service Deficit (Total RS)
